Dear Gavin,

MMD Mineral Sizing Africa (Pty) Ltd would like to thank you for your assistance in building our stand for the Electra Mining 2022 Expo held at Nasrec Expo Centre, Johannesburg.

Working with Reds Advertising cc was effortless from beginning to end. Very early on I realized that you have a lot of knowledge and experience with regards to building stands. You showed us support and professionalism from the beginning, during the quotation stage, through out the planning and building of our stand, until the very end.

When it came to any changes or requests, we felt that it was very easy as you were just a phone call away and attended to it without any delay. The way MMD was updated on the progress of the building of our stand each day made us feel a part of it but we also knew that you had everything under control.

We were very impressed with the design quality as well as the stand when we arrived at the venue. The check in's on the stand during the week assured us that you were still available to address any queries that we might have and we felt supported all the way.

Our stand was an integral part of promoting our business and with your support we definitely did just that.

We will definitely book Red's Advertising cc again as our stand builder and would highly recommend your company to clients, due to the high quality of your service.

Kind Regards,

**Mercia Barbolini**  
**P.A to Directors**
